FINANCIAL POLICY

The following disclosures are made in compliance with the Federal Truth in Lending Law. Pediatric TLC P.C. will extend credit to a patient with the understanding that:

Parent/Child The adult accompanying the child is responsible for payment at the time of service including co-payment. The parent/guardian with whom the child resides is the person who will be billed for services rendered. We will not be involved in mediating financial arrangements between parents/guardians.

Regarding Insurance It is the responsibility of the parent to know what is covered or excluded from his/her insurance plan. You will be asked to present your insurance at each visit. If insurance information is not provided, the balance will be the patient's responsibility. We ask that you pay your co-pay at the time of service. We accept all payments made by the insurance. If there is overpayment made from either the patient or insurance, there will be a refund generated.

Secondary Insurance We will submit claims to your secondary insurance carrier as a courtesy. You are responsible for the deductibles, co-pays, and any services not covered. You are responsible for balances after the insurance has paid.

Usual and Customary Rates Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area.

Private Pay We ask that our patients without insurance pay in full at the time of service. We offer a 30% discount if full payment is made at time of visit. If no payment is made at time of visit, the balance should be paid within 60 days.

Monthly Payments on Outstanding Balances If you are not able to pay your account in full at the time of service and need to make monthly payments, please contact our office to make arrangements. This practice site has a policy to treat all patients regardless of their ability to pay. This practice site does not conduct asset testing to determine discounts or payment arrangements. We accept personal checks, money orders, VISA, MasterCard, and Cash.

Divorce Decrees This office is NOT a party to your divorce or separation. The responsibility for payment for minors rests with the accompanying adult.

Service Charges We reserve the right to apply a fee of \$35.00 for any checks returned due to non-sufficient funds. We also reserve the right to charge a \$5 fee for forms filled out by the provider.

Thank you for understanding our Financial Policy. Please let us know if you have questions or concerns.

I have read, understand and agree to the Financial Policy for Pediatric TLC P.C.

POLICY AND PROCEDURE AFTER HOURS/EMERGENCY FACILITIES/NO-SHOW

There is someone on call 24 hours a day. You must call our office before going to an Emergency Room, Urgent Care or Valley Immediate Care. We always try to get you in our office the same day or the next. You can go to the above-named places to receive care in the event of a true emergency.

To reach the on-call nurse line call (541) 479-2411 ext. 8.

What's an emergency?

An emergency is a serious injury or sudden illness, including severe pain that you believe might **cause death or serious bodily harm if not treated.**

Here are a few health care conditions that **are** considered emergencies:

- Chest pain or pressure
- Seizures
- Loss of consciousness
(blacking out)
- Major burns
- Bleeding that does not stop
- Broken bones
- Trouble breathing
- Dehydration (which is uncontrollable vomiting and/or diarrhea)

Here are a few health care conditions that **are not** considered emergencies:

- Sore throat
- Ear pain
- Back pain
- Flu
- Colds
- Dental Pain

(The conditions shown above are examples and not a complete list of emergency and nonemergency conditions).

No Showing Appointment

We have had to make this policy regarding missed (also known as “no show”) appointments, as this makes it difficult for our office to schedule **sick visits for children whom may need to be seen.**

- After **2 No-Shows** the front desk will send a “Failed Appointment Letter”.
- If patient is on Allcare letter will be faxed to them.
- **On the next No-Show the provider will Discharge the family.**
- If patient is on Allcare a letter will be faxed to them notifying of the family’s Discharge.
- **Front desk will cancel any upcoming appointments. The provider will see patient for emergency visits only for 30 days.**

Late Arrival Policy

Arriving 5 or more minutes past your scheduled arrival time is considered a late arrival, and we will have to reschedule you on most days. We do understand that unexpected situations can occur which can cause you to be late. **Please call us as soon as possible** to see if you are still able to keep your appointment or if it will need to be rescheduled.

1819 SW Nebraska Avenue
Grants Pass, OR 97527

Who Will Follow This Notice

This notice describes the information privacy practices followed by Pediatric TLC P.C., which includes physicians and all employees hereinafter referred to as “we.”

Your Health Information

This notice applies to the information and pediatric records we have about you/your child’s health, health status, and the health care and service you receive at this office. Your health information may include information created and received by this office, may be in the form of written or electronic records or spoken words, and may include information about your health history, health status, symptoms, examinations, test results, diagnoses, treatments, procedures, prescriptions, related billing activity and similar types of health-related information.

We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

How We May Use and Disclose Health Information About You

We may use and disclose health information for the following purposes:

For Treatment: We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health. The physician may use your medical history to decide what treatment is best for you. The physician may also tell another doctor about your condition so that doctor can help determine the most appropriate care for you.

For Payment: We may use and disclose health information about you so that the treatment and services you receive at this office be billed to and payment may be collected from you, an insurance company or a third party.

For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will cover the treatment.

For Health Care Operations: We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care.

For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, or how we can become more efficient.

We may also disclose your health information to health plans that provide you insurance coverage and other health care providers that care for you. Our disclosures of your health information to plans and other providers may be for the purpose of helping these plans and providers provide or improve care, reduce cost, coordinate and manage health care and services, train staff, and comply with the law.

NOTICE OF PRIVACY PRACTICES

Appointment Reminders: We may contact you as a reminder that you have an appointment for treatment or medical care at our office. A message may be left on your answering machine or voice mail.

Treatment Alternatives: We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

Health-Related Products and Services: We may tell you about health-related products or services that may be of interest to you. Please notify us if you do not wish to be contacted for appointment reminders, or if you do not wish to receive communications about treatment alternatives or health-related products and services. If you advise us in writing (at the address listed at the top of this Notice) that you do not wish to receive communications, we will not use or disclose your information for these purposes.

Special Situations

We may use or disclose health information about you for the following purposes, subject to all applicable legal requirements and limitations:

To Avert a Serious Threat to Health or Safety: We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.

Required By Law: We will disclose health information about you when required to do so by federal, state or local law.

Research: We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the office.

Organ and Tissue Donation: If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate such donation and transplantation.

Military, Veterans, National Security and Intelligence: If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation: We may release health information about you for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Public Health Risks: We may disclose health information about you for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

Health Oversight Activities: We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes: If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.

Law Enforcement: We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.

Coroners, Medical Examiners and Funeral Directions: We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death.

NOTICE OF PRIVACY PRACTICES

Information Not Personally Identifiable: We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.

Family and Friends: We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when you bring your spouse with you into the exam room during treatment or while treatment is discussed.

In situations where you are not capable of giving consent (because you are not present or due to your incapacity or medical emergency), we may, using our professional judgment, determine that a disclosure to your family member or friend is in your best interest. In that situation, we will disclose only health information relevant to the person's involvement in your care. For example, we may inform the person who accompanied you to the emergency room that you are being admitted for surgery and provide updates on your progress. We may also use our professional judgment and experience to make reasonable inferences that it is in your best interest to allow another person to act on your behalf to pick up, for example, filled prescriptions, medical supplies, or x-rays.

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written Authorization. If you give us Authorization to use or disclose health information about you, you may revoke that Authorization, in writing, at any time. If you revoke your Authorization, we will no longer use or disclose information about you for the reasons covered by your written Authorization, but we cannot take back any uses or disclosures already made with your permission.

In some instances, we may need specific, written authorization from you in order to disclose certain types of specially protected information such as HIV, substance abuse, mental health, and genetic testing information.

Your Rights Regarding Health Information About You

You have the following rights regarding health information we maintain about you:

Right to Inspect and Copy: You have the right to inspect and copy your health information, such as medical and billing records, that we keep and use to make decisions about your care. You must submit a written request to Erin Pipgras, privacy officer, in order to inspect and/or copy records of your health information. If you request a copy of the information, we will charge for the costs of copying, mailing or other associated supplies. Please allow us 30 days to meet your request.

We may deny your request to inspect and/or copy records in certain limited circumstances. If you are denied copies of or access to health information that we keep about you, you may ask that our denial be reviewed. If the law gives you a right to have our denial reviewed, we will select a licensed health care professional to review your request and our denial. The person conducting the review will not be the person who denied your request, and we will comply with the outcome of the review.

Right to Amend: If you believe health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment as long as this office keeps the information. To request an amendment, complete and submit a MEDICAL RECORD AMENDMENT/CORRECTION FORM to Erin Pipgras, privacy officer. We may deny your request for an amendment if your request is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- We did not create, unless the person or entity that created the information is no longer available to make the amendment.
- Is not part of the health information that we keep.
- You would not be permitted to inspect and copy
- Is accurate and complete

NOTICE OF PRIVACY PRACTICES

Right to an Accountant of Disclosures: You have the right to request an “accounting of disclosures.” This is a list of the disclosures we made of medical information about you for health care operations, and a limited number of special circumstances involving national security, correctional institutions and law enforcement. The list will also exclude any disclosures we have made based on your written authorization. To obtain this list, you must submit your request in writing to Erin Pipgras, our privacy officer. It must state a time period, which may not be longer than six years and may not include dates before April 1, 2007. Your request should indicate in what form you want the list (for example, on paper, electronically). The first list you request within a 12-month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions: You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had. We are not required to agree to your request. If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment or we are required by law to use or disclose the information. To request restrictions, you may complete and submit the REQUEST FOR RESTRICTION ON USE/DISCLOSURE OF MEDICAL INFORMATION to Erin Pipgras, our Privacy Officer.

Right to Request Confidential Communications: You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. To request confidential communications, you may complete and submit the REQUEST FOR RESTRICTION ON USE/DISCLOSURE OF MEDICAL INFORMATION AND/OR CONFIDENTIAL COMMUNICATIONS to Erin Pipgras, our Privacy Officer. We will not ask you the reason for your request. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.

We reserve the right to change this notice, and to make the revised or changed notice effective for medical information we already have about you as well as any information we receive in the future. We will post the current notice in the office with its effective date in the top right hand corner. You are entitled to a copy of the notice currently in effect.

Complaints

If you believe your privacy rights have been violated, you may file a complaint with our office or with the Secretary of the Department of Health and Human Services.
